**Printed name:**

**13.** It is understood that all members of the PLC will adhere to its “**Logger’s Code of Practice**”. As a professional logging contractor, I will strive to operate in such a way as to engender the public’s trust including meeting or exceeding the standards and principles as follows:

- Promote ethical conduct for all loggers.
- Strive to always meet standards for harvesting practices, which are consistent with the principles of sustainable forestry.
- To operate responsibly in all phases of the harvesting operation, from the actual harvesting activities to clean-up requirements following the harvest.
- Recognizing private landowner rights, I will strive to meet the landowners objectives as long as they are consistent with sustainable forestry principles, federal, state and local laws.
- I will do all I can to educate and inform landowners, loggers and others about the need to meet sustainable forestry principles.
- I will participate in the Northeast Master Logger, Certified Logging Professional, Qualified Logging Professional or other third party recognized program that will provide me with recognition as having met the appropriate requirements for logger education and training as envisioned by sustainable forestry principles.
- Comply with all federal, state and local laws and regulations, industry standards and guidelines applicable to the conduct of forest harvest operations.

- Conduct harvest operations in a safe manner which are in compliance with Occupational Safety and Health Administration regulations including safety planning and all provisions of such requirements.
- To operate my company profitably as a responsible member of the business community including compliance with all requirements and practices as they relate to my employees, vendors and others I do business with.
- Continually strive to maintain positive relationships with landowners, procurement and mill personnel and the public in general.
- Do my part to assure that my industry has a positive image and to work with peer groups, logger associations and others to strive to bring all loggers up to these standards.
- Strive to continually improve my operations through training, innovation, employee programs and other appropriate means.
- Act responsibly to uphold the integrity of the logging profession.

Must be signed by all PLC of Maine members – Thank you!
