Creating Real Miracles by Raising Funds for Local Hospitals

Since 1983, Children's Miracle Network (CMN) Hospitals have raised more than \$5 billion for 170 children's hospitals across the United States and Canada. The PLC of Maine and Eastern Maine Healthcare Systems (EMHS) Foundation have raised over **\$1,925 million** since 1996 for children in Maine. These donations have gone to support research and training, purchase equipment, and pay for uncompensated care, all in support of the mission to save and improve the lives of as many children as possible. Some are battling cancer, some are suffering from a traumatic injury, and others require constant care because they were born too early, or with a genetic disease.
